How to get to Fraunhofer CML

By public transport

Long-distance trains to Hamburg-Harburg or Hamburg Hauptbahnhof (main station). From the main station take the S3/S5 train south to Harburg or Harburg-Rathaus.

The regional train also runs to Harburg. Continue from Harburg with bus line 142 in the direction of Hafen Harburg to the Kanalplatz bus stop or from Harburg-Rathaus with bus line 157 in the direction of Hohenwisch (Kehre) to the Blohmstraße bus stop (runs rarely).

The walk from Harburg Rathaus (town hall) takes about 15 minutes. You can reach us from the airport by taking the S1 train to the main station (takes about 30 minutes) and then continue as described above.

By car

Approach is possible via the A1, A7 or B75. Parking spaces can be arranged directly at the building. The Veritaskai car park is about 500 meters from the Fraunhofer CML.
